It's the best of the best: Best of ArtWalk last chance for one-stop admiration

Whistler, British Columbia: September 7, 2007 - You thought you missed out. You didn't make it to all the galleries. Or, you just can't get enough of ArtWalk. For whatever reason, the Whistler Arts Council is pleased to announce the Best of ArtWalk exhibition at Millennium Place for the month of September. It's the perfect way to end the summer with a bang.

ArtWalk 2007 was a success. The opening reception brought out local visual artists, performers and musicians. With 30 host venues, several of the reception participants had to finish the tour later on in the summer in order to visit all the galleries, but continued onto the Merlin's after-party on the opening reception night.

Many of the artists were successful at selling their work during the summer, so expect to see some new pieces in their place at the Millennium Place exhibition. Participating artists include photographer, Nicolas Teichrob; painters Josee St Amour, Daniel Poisson, Debra MacArthur, Brenda Norrie, Tasscha Lico, Corinna Haight, Lauren Ritz and Lianne Gulka; potter, Vincent Massey, and collage artist, Wim Tewinkel.

Be sure to visit Millennium Place before September 30 in order to get a taste of ArtWalk's best!
